re: Apple, Inc.
KAS

I am tired of their arrogance,
insistence that the customer do
it their way, interference with
workable product, dropped & formerly
existent marketable & deep technology
products, and to control the consumer.

Federal Law

To support reasonable
expectation of product
quality & availability.

State Law

Many states

Lawsuit Against Apple 2017.

Just compensation for lost product,
work, promise, and enjoyment.

15 million + users.

there are 30 technologies from
the last 30 years that between
Apple & Next that are no
longer in existence.
